

What you should know about inclement weather days

There are days where bus transportation may be cancelled for the safety of students.

If that happens, please follow the steps below to ensure your students arrive to school safely.

Safety starts at the bus stop

- Don't play in snow banks
- Don't throw snowballs
- Dress warmly
- Wear items with reflective strips or bright colours
- Be outside at your stop a few minutes early so the bus remains on time.

Plan Ahead

- Ensure the school has up-to-date information where to drop your child off should the buses leave early or the school is closed.
- Discuss with your child how long they should wait for the bus before returning indoors (We recommend 15 minutes maximum)

Tune In

Check our school website (moosoneepublic.ca) for any news bulletins

Remember

School will normally remain open during inclement weather days.

Should a closure occur, we will notify our parent community.

It is ultimately the decision of the parent/guardian whether or not to send their children to school in bad weather

If your child will not be coming to school, please call and let us know
